Career Objective

Through a range of diverse experiences living overseas, I have developed and refined the ability to be exceedingly adaptive and to connect with and learn from others. Following these years overseas, I have found myself with new entrepreneurial energy and motivation to create and think outside of the box. I have recently graduated with a Bachelor of Computer Science degree from UNCW and am eagerly seeking employment opportunities in many fields, especially in those that incorporate innovation and creativity.

Education

Bachelor of Computer Science, concentration in Digital Arts (Graduated Fall 2023)
University of North Carolina, Wilmington

Associate of Science (2020)
Cape Fear Community College

2 Year International Baccalaureate Diploma (2014-2016)
American Community School of Abu Dhabi, Abu Dhabi, U.A.E

Technical Skills

- Python and Java
- HTML, CSS, and JavaScript
- Experience with Swift, C++, F#, SML, Prolog
- Photoshop, Illustrator, and After Effects
- FL Studio and Pro Tools
